Teens have great adventures as they take part in activities and lessons that meet the requirements of a B1+ level of the Common European Framework of Reference.

In the third level of Teen English courses, students are motivated by 4 engaging stories that teach about important life lessons. Concepts such as the rewards of taking responsibility for your actions and learning to judge people or situations on a superficial level are some of the subjects covered in this fascinating course.

As with all Helen Doron English courses, songs play an essential role in the learning process. Teen Express includes 8 original pop songs.
